Griffiss Utility Services Corp. awarded \$18M contract

by Fran Crumb, Information Directorate

ROME, N.Y. — The Air Force Research Laboratory has awarded an \$18 million contract to Griffiss Utility Services Corp.

“The 10-year agreement will provide electricity and maintain certain portions of the power distribution infrastructure for AFRL’s Rome Research Site and the Defense Finance and Accounting Services - Rome Operating Location at the Griffiss Business and Technology Park,” said Maj. Nathan A. Rump,

chief of the Information Directorate’s Operational Contracting Branch.

Griffiss Utility Services Corp. is a not-for-profit, economic development utility that manages the energy resources including the distribution of electric, natural gas and steam service to the Griffiss Business and Technology Park. @
